We hope that you all had a restful and enjoyable summer and are looking forward to a busy Turing year!

Thames Young Mariners Trip

Our new Year 7 students had their induction and team building day on Thursday at Thames Young Mariners.

Students travelled by coach and took part in various challenges including raft building and canoeing. This day allows both the students and staff to get to know each other and was once again highly enjoyable and successful. More photos to follow next week!

CoderDojo

The seventh Turing House CoderDojo event will take place on the afternoon of Saturday October 6th. Young people aged 7 – 17 can learn how to be creative with code, making fun

computer applications and games, with guidance from professional software engineers. No experience necessary!

The sessions will include Scratch, Python, Web Development and more. For details, see our website at: <https://turinghousecoderdojo.wordpress.com/take-part/> and sign up for the Mailing List so that you are notified when tickets are released. The event is ticket-only, and open to the whole community, so is usually oversubscribed.

We are also looking for parent volunteers to help on the door or with serving refreshments at the Dojo. As well as lots of grateful smiles, you will be rewarded with priority booking for the activities, so please email coderdojo@turinghouseschool.org.uk if you can help us with that.

Information regarding clubs for terms 1 and 2 will be with you shortly.

Book Amnesty!
